

We are all facing unprecedented personal and business challenges amid the COVID-19 pandemic. We wanted to take a moment to thank our valued customers for their ongoing dedication throughout this crisis to help ensure that essential construction and maintenance projects across Ontario continue moving towards completion.

Noble is here to support you and the industry. Following the guidelines of the Provincial Government, Noble will remain open as an essential business so we can supply the products and services required by our valued customers working on these important projects.

We encourage customers to continue to contact their local Noble branches or call 1-800-529-9805 to place orders. We are taking proper measures to ensure the safety of our teammates but remain committed to keeping our doors open and serving you.

From our team to yours, we hope you and your families are staying safe and we wish you good health now and in the future. Thank you again for your ongoing dedication. We are proud to partner with you and will continue to serve this industry.

Sincerely,
The Noble Team
